# MAIN ASPECTS AND OBJECTIVES

## ➤ Objectives:

- Generating a political discussion and exploring possible solutions to potential incidences.
- Preparing a report, with all the information collected, with possible solutions to potential incidences.

## ➤ Main aspects:

- Table's duration: 2 hours each
- The discussion will take place under the Chatham House Rule
- Discussion languages: Catalan, Spanish and English

## WHAT DOES IT MEAN THAT THE CHATHAM HOUSE RULE APPLIES TO THE DISCUSSIONS?

- ▶ The Chatham House Rule is a system for holding debates and round table discussions on controversial issues
- ▶ In that sense, participants have the right to use the information they receive, but the the speaker's (or any other participant) identity or affiliation can not be revealed. In other words: anyone coming to the meeting is free to use the information shared in the discussion, but no one is allowed to reveal who made each comment.
- ▶ It is designed to increase the openness of the discussion.
- ▶ Any participant or assistant who is not able to respect these rules is not welcome

## OTHER TECHNICAL IMPLICATIONS FOR APPLYING THE CHATHAM HOUSE RULE IN THIS CASE

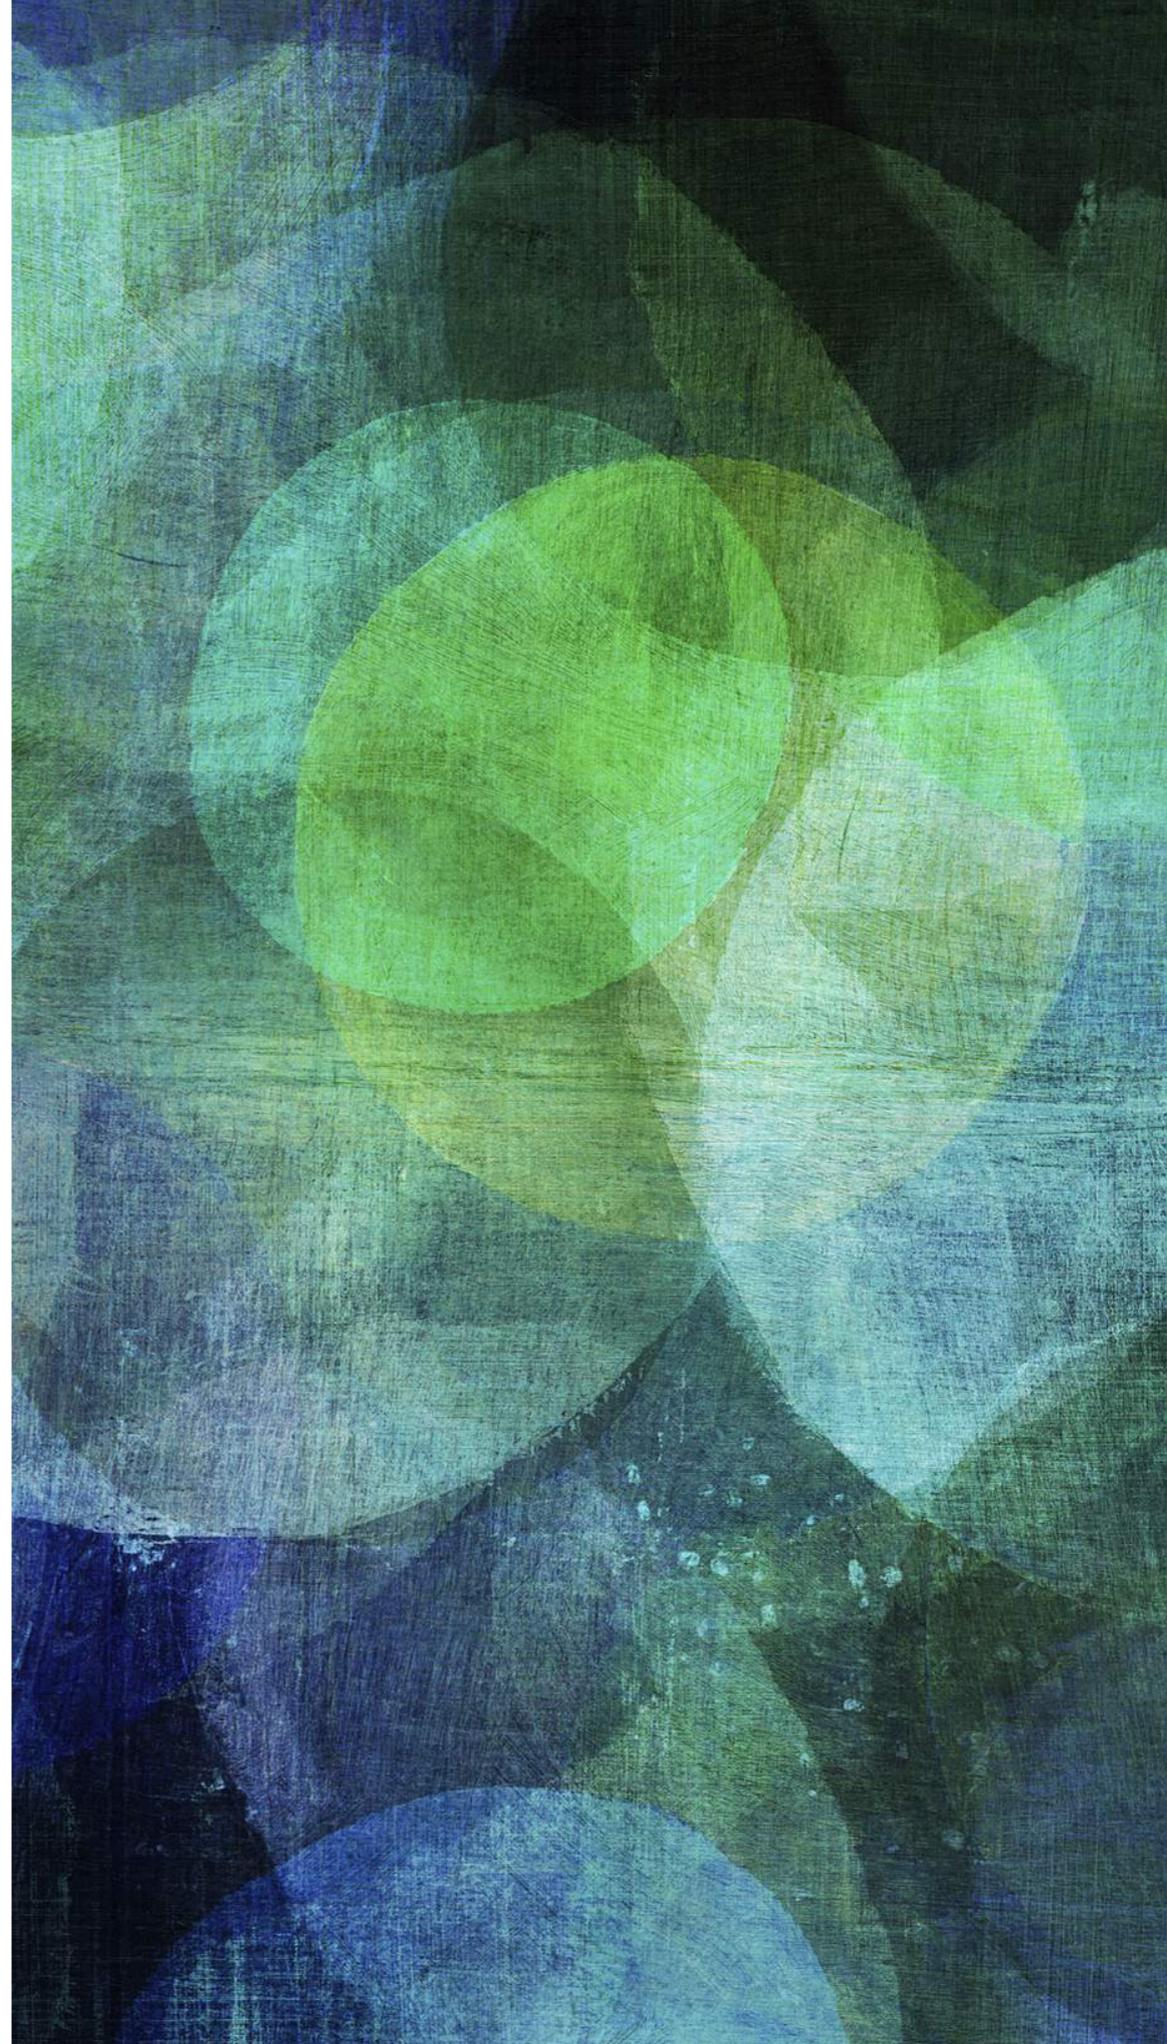

- ▶ **Recording of the event:** the event will be recorded by the organizers, with the aim of facilitating the elaboration of the later report. In no case shall any part of it be made public, in whole or in part.
- ▶ **Photos of the event:** during the event photographs will be taken by the organizers, it is also allowed for participants and attendees to take pictures. What it is not allowed in any case is to associate comments to participants that appear in the photos, whatever the nature of them may be.
- ▶ **Preparation of the report:** In the report, certain information shared during the discussions or collected in the questionnaires may be associated to their authors, if they agree to. In any case, the report will not be published without each of the participants having time to review it and sending their approval.

# DISCUSSION TABLE'S DYNAMICS

- ▶ **Setting the scene:** There will be an introduction before the discussion tables begin, made by the General Director of the Strategical Tourism Agency of the Balearic Islands
- ▶ A moderator will invite the different participants to intervene in the two tables. In this sense, the participants are encouraged to prepare in advance the ideas, impressions and/or experiences that they want to emphasize and summarize them, in order to facilitate the discussion.
- ▶ A questionnaire will be provided shortly before the event for each one of the tables so that a more extensive opinion of each one of the participants can be expressed. Thus, the opinion of each one can be collected in the later report in a more extensive and detailed way - if that is so desired.
